Sprint 3 Report – May 25th , SCCR Team

Team Members :

Alec Mcleod – Product Owner
Zhanhua 'Kobe' Hu – party boy / beach boy
Isaac Avraam – Developer
Paul May – Scrum Master

Actions to stop doing:

- Stop making big design decision without talking to the group first
- Stop letting bugs build up over time , as they stall production later

Actions to start doing:

- start finalizing design and putting together a production model of the site
- helping eachother finish of remaining tasks or bugs to prorate the workload
- running tests of all the website major functions.

Actions to keep doing:

- keep writing simple organized code
- keep tracking bugs and design errors as they occur
- keep a clean and easy to track git log and git branch area

Tasks Completed :

> As a user I want to be able to list events based on distance from my personal location so that I can find the closest service to me.

> As a user I want to the navbar to function in an intuitive way so that I do not become befuddled clicking empty backlinks

> As a developer I would like the code to follow the style guide (pep 8) so that i can easily read and expand on it.

Tasks Not Completed:

> As a user I would like SMS notifications in real time so that I do not miss critical assistance opportunities.
